We encourage preventive techniques – helping you to understand how to maintain the health of your mouth and keep it free of tooth decay and gum disease.

We are delighted to offer the Regular Dental Care Plan – our own membership scheme, which enables us to provide you with the treatment and support necessary to control dental disease and restore your mouth to full fitness. Our modern health-promoting approach with continuing care means:

- Fewer fillings
- Less dental decay
- Less likelihood of toothache
- More attractive teeth
- More choice
- Reduced costs
- Helping to keep your own teeth for life.

YOUR CHOICE FOR DENTAL CARE WITH US

At K3 Dental Studio, we believe that the best way of making treatment affordable, without compromising our high quality of care, is to offer you membership of our own Regular Dental Care Plan which provides the following benefits:

- A convenient payment scheme for routine treatment
- Greater choice of treatment and materials
- More time to help prevent decay and gum disease
- Substantial discounts on additional treatments and sundries
- Eligibility to request assistance from the worldwide Dental Emergency Assistance Scheme
- Redundancy protection for your monthly payments for up to 12 months.

YOUR CHILD'S DENTAL CARE

Children are born free of dental disease, yet by adulthood a significant proportion of the population has active gum disease and most people have experienced some tooth decay and even tooth loss.

It is our belief that disease can be prevented. Our aim is to provide your child with the best dental care available to secure their dental health.

We ask patients to bring their children with them from birth, so that we can see them regularly to help them grow up free from dental disease.

Children under the age of 13 are seen free of charge for their dental care. For more information on the best option for your child's dental care, please ask a member of our team.

REGULAR DENTAL CARE PLAN

We have introduced our own dental membership arrangement to reward and look after our patients who regularly visit the practice. Just look at what you can gain from becoming a member!

*** The Worldwide Dental Emergency Assistance Scheme is a scheme established to offer support and assistance to dental plan patients who request treatment following a dental trauma and/or dental emergency or oral cancer. The Scheme responds to requests for assistance on a wholly discretionary basis. This means that, whilst the Scheme aims to provide benefits in most cases, it has no obligation to provide any benefit unless it first decides (in its sole and absolute discretion) that it should provide a benefit. There are some circumstances in which the Scheme is not designed to help and these are explained in more detail in the Scheme Handbook. Each request will be looked at individually to assess the request for benefit. Certain restrictions and limitations may apply in the event that the request is accepted and it is possible that the Scheme will decide to provide no benefit.
